

Mehrfamilienhaus mit 3 Einheiten und 4 UP Video-Türstationen Sfera

WICHTIG!
Bei Änderungen an der Konfiguration muss ein Reset der Anlage durchgeführt werden. Dies wird durch Unterbrechen der Spannungsversorgung für ca. 1 Minute erzielt.

WICHTIG!
Für die Verkabelung der Anlage empfehlen wir die Verwendung unseres Systemkabels 336904. Bei der Verwendung von anderen Kabeltypen beachten Sie bitte die Installationsvorschriften im Bticino Hauskommunikations-Katalog.

Universaltüröffner
